REQUEST TO TRANSFER SEQUENCE LISTING AND REFERENCES;
RESPONSE TO RESTRICTION REQUIREMENTAssistant Commissioner of Patents
US Patent Office

Sir:

The Applicant requests pursuant to 37 C.F.R. §1.821(e) the Patent Office use the previously filed identical electronic sequence listing in the parent application, USSN 09/670,153 filed September 26, 2000. A copy of this sequence listing has already been provided in the original filing of the application December 14, 2001.

Further, the Applicant provides a copy of the Information Disclosure Statement filed in the parent application, USSN 09/403,686 filed September 7, 1999, along with all 1449 forms provided by the Applicant and Examiner in that application, and pursuant to 37 CFR §1.98 (d) requests the Examiner use copies of the references provided in the parent application.

In response to the Restriction requirement, the Applicant elects group I, claims: 1-15, 27-29 and 31, 34 with traverse. The Applicant points out that in the restriction requirement for the parent application, USSN 09/670,153, filed September 26, 2000, the Examiner had restricted claims 1-58 into three groups, with Group I in that restriction including 1-15, 19-22 and 27-34. In the current application, the Applicant has presented the claims of Group I from the parent application. The Examiner has now restricted the

claims further, stating that Group I are claims to a nucleic acid, and are restricted from Group II, claims 19-22, 30 and 32, 33, to a method of making seed using the nucleic acids described. Applicant submits the original grouping of the claims in the parent application by the Examiner was correct, and further that the method of Group II claims requires the use of the novel nucleic acid sequences set forth in Group I. For these reasons reconsideration and withdrawal of the Restriction requirement is requested.

The Examiner is invited to contact the attorney listed below with any questions or concerns.

Respectfully submitted,

Patricia A. Sweeney
